PLAN FOR CONSTRUCTION OF FLOATING CRANES

[REDACTED] a plan to construct eight 100-ton floating cranes. Originally (July 1951), the construction of only four floating cranes was planned. Two of the cranes are to be completed and delivered, one to VEB(People-Owned Enterprise) Wismar Shipyard and one to the VEB Warnemuende Shipyard, by the end of 1952, and two are to be exported through DAHA (German Foreign Trade Agency).

[REDACTED]  
The cranes themselves are to be built at the SAG(Soviet Corporation) "Ernst Thaelmann" in Magdeburg.

50X1-HUM

[REDACTED]  
It is proposed that the Wismar Shipyard be appointed the prime contractor for the construction of the cranes.
